

I International conference

"Keeping children and young people safe online"

Warsaw, Poland, Sheraton Hotel, 16-17 October 2007

invitation to attend

We are pleased to invite you to attend the International Conference "Keeping Children and Young People Safe Online", which will take place at the Sheraton Hotel in Warsaw, on 16-17 October 2007.

The conference is organised by the Polish and UK Internet safety nodes: the Nobody's Children Foundation, the Research and Academic Computer Network (NASK) and the Child Exploitation and Online Protection Centre (CEOP). These nodes work within the framework of the European Commission Safer Internet Plus Programme. The main partner of the event is the TP Group Foundation.

The conference will be held under the patronage of Viviane Reding, Member of the European Commission, responsible for Information Society and Media.

The Warsaw conference will bring together representatives from the education sector, NGOs, law enforcement, government and industry. It will address a wide variety of issues relating to children and young people's safety online, such as identifying computer crimes against the youngest Internet users, grooming, cyberbullying, child safety and mobile phones, online gaming and Internet addiction. The aims of the conference are to raise awareness of the new challenges and opportunities in fighting Internet threats and to help share best practices across different sectors. Sessions will be led by recognised international experts in the field of child protection.

The languages of the conference will be English and Polish. Simultaneous translation will be provided.

recruitment of participants

All interested are kindly requested to complete the online application form available at:

www.saferinternet.pl/conference till **19th September 2007**.

Participation in the conference is free of charge. However, the organisers cannot cover travel and accommodation costs for delegates.

For hotels please consult the website.

Please note that due to a limited number of places submitting the application does not secure your participation in the conference. Information about participation will be provided by **26th September 2007**.
